

## The "SS Great Britain" Story

Filesize: 5.94 MB

### ***Reviews***

*Absolutely essential study pdf. It is written in basic words and phrases rather than hard to understand. I am just happy to tell you that this is basically the finest pdf I actually have studied during my personal lifestyle and can be the very best publication for actually.*

## THE "SS GREAT BRITAIN" STORY

[DOWNLOAD](#)

The History Press Ltd. Hardback. Book Condition: new. BRAND NEW, The "SS Great Britain" Story, John Christopher, The SS Great Britain Story is a concise account of one of the most famous steamships ever built. The great Victorian engineer Isambard Kingdom Brunel embraced the latest innovations, including an iron hull and a screw-propeller, to create an ocean liner that was decades ahead of its time. Launched by Prince Albert in 1843, the SS Great Britain was nearly lost three years later when she ran aground in Dundrum Bay, Ireland. Fortunately she weathered the winter storms and went on to enjoy a long and chequered career. She spent many years transporting emigrants to Australia, served as a cargo vessel, and almost ended her days stranded on the Falkland Islands. Following an incredible rescue mission in the 1970s, fully documented here, she was returned to dry-dock in Bristol, where she was originally built, and is now the centrepiece of a fascinating and ongoing restoration project.
