PERIODS OF EUROPEAN HISTORY PERIOD V: 1598-1715 (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the preface: I have not attempted in the following pages to write the history of Europe in the seventeenth century in detail. The chronicle of events can be found without difficulty in many other works. I have therefore endeavoured as far as possible to fix attention upon those events only, which had permanent results, and upon those persons only whose life and character profoundly influenced those results. Other events and other persons I have merely referred to in passing, or left out of account altogether, such as for instance the history of Portugal and the Papacy, the internal affairs of Spain, Italy, and Russia. Following out this line of thought I have naturally found in the development of France the central fact of the period which gives unity to the whole. Round that development, and in relation to it, most of the other nations of Europe fall into their appropriate positions, and play their parts in the drama of the world's progress. Such a method of reading the history of a complicated period may, of course, be open to objection from the point of view of absolute historical truth. The effort to give unity to a period of history may easily fall into the inaccuracy of exaggeration. The picture may become a caricature, or so strong a light may be shed on one part as to throw the rest into disproportionate gloom. It would be presumptuous in me to claim that I have avoided such dangers. All that I can say is, that they have been present to my mind continually as I was writing, and that I have been emboldened to face them both by...
