Elementary Gunsmithing: A Manual of Instruction for Amateurs in the Alteration and Repair of Firearms (Paperback)

By Perry D. Frazer

Skyhorse Publishing, United States, 2015. Paperback. Book Condition: New. 208 x 137 mm. Language: English . Brand New Book. A beginner's guide to the ins and outs of guncraftsmanship from a professional gunsmith. When it was first published in 1938, Elementary Gunsmithing was one of the few books of the time to address an amateur audience, among more advanced titles. With clear, engaging, and instructional prose, Frazer takes beginner firearm interest to the next level by talking the reader through the fundamentals of gunsmithing, such as what tools are necessary for the craft, how to solder and mount parts, and even how to conduct a fledgling gunsmithing business. He specifically addresses the young man who likes working at the bench, and similarly the book reflects the spirit of innovation, resourcefulness, and do-it-yourself work. While the book may not cover contemporary firearms, it offers a grandfatherly, old-school instructional vibe with accurate information about guns up to the 1940s. Frazer focuses on gunsmithing with ordinary hand tools at the work bench, rather than complicated machinery. These helpful tips and information, which are still applicable today, make Elementary Gunsmithing a useful, classic, and historically significant reference for both amateurs and budding gunsmithers...

Reviews

It is one of the most popular ebook. It usually fails to price an excessive amount of. It has been printed in an extremely basic way in fact it is merely right after I finished reading through this book in which really altered me, change the way I believe.

-- **Sigrid Brown**

Absolutely one of the best pdf we have ever read. I really could comprehend every little thing using this written ebook. I am easily could get a satisfaction of reading a written publication.
