So, when the crew of Crash Wagon are offered a repair contract for the Menomonee Falls mining facility on Mars, they accept the job. However, this contract may not be as easy as it seems. The crew is soon made aware of several unfortunate occurrences involving Menomonee Falls. There have been accidents reported involving the mining facility as well as accidents involving other rescue captains working contracts there. Despite a warning from a fellow rescue captain, Shaw and his crew continue on to Menomonee Falls. After all, they signed the contract and intend to honor it. When the past begins to repeat itself, the motives of the Menomonee Falls foreman, his head of security, a former rescue captain, and the lone survivor of a destroyed rescue ship are called into question. The crew of Crash Wagon find themselves in the middle of a conflict where it seems everyone has their own secrets. One of those secrets could make Crash Wagon the next victim of an unfortunate event. Crash Wagon: Book Two - Menomonee Falls is the second book in the science fiction series and is 22,286 words long.
