Brand New Book ***** Print on Demand *****.To convey a synopsis of the subject matter is not a simple thing to achieve, at least for me. The theme of commission in itself is a topic that implies authority and a chain of command. A commission is a mandate, a task, an authorization, or even a permit to accomplish a specific job on behalf of a higher authority. The commission of the church is a mission that has been given to God's people to attain as an individual body as well as a corporate body. God's people must understand what the purpose for their existence really is. This book embarks on a quest to simplify every aspect of the purpose and the mission of the body of Christ, answering such questions as: (1) What is your reasonable service as an individual in the corporate body of Christ? (2) What does it really mean to be part of the Church? (3) What is the relationship between the Head and the body? All of these questions and more will be broken down to its simplest expression. The human body consists of literally millions of cells and many organs, the great commission revealed is on a quest to disclose how as individuals in the body of Christ you and me make up cells and organs in the body of the anointed one.
