Conran Octopus November 1998, 1998. Hardcover. Book Condition: New. Sensuality is a vital part of our lives. The way we experience our surroundings is influenced by our senses; sounds, scents, textures, tastes and sights can revive strong memories. These elements may also be interwoven to create a place where we feel at ease - our home. This ground-breaking interiors book is a celebration of the harmonious qualities that a sensual home can provide. Each chapter contains practical advice that shows how to maximize the sensual potential of your home. Lloyd looks at the role an individual sense plays in our daily lives: the smell of baking bread, the smooth feel of wood or the welcoming energy from a splash of water. Finally, she draws together these details, places them in context and reveals the sensual home in its entirety. Lavishly and evocatively illustrated, Sensual Living will show you: how to bring the feel-good factor into every element of your home.
