

Subjects for Mathematical Essays (Classic Reprint) (Paperback)

Filesize: 4.12 MB

Reviews

Definitely one of the better publication I have got possibly read. It really is writter in basic phrases and not difficult to understand. You wont sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).

SUBJECTS FOR MATHEMATICAL ESSAYS (CLASSIC REPRINT) (PAPERBACK)

[DOWNLOAD](#)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Subjects for Mathematical Essays The object of what are here called mathematical essays is to co-ordinate a pupil's knowledge on certain subjects which are not specially dealt with in text-books. The essays, of which outlines are given in the first part of this book, are of the following types: (i) A group of theorems on one subject, the theorems in ordinary text-books being often scattered in one or several volumes (e.g., Essays 19, 26, 70, 91); (ii) A series of questions leading up to the solution of an important problem (e.g., Essays 79, 87, 90, 93); (iii) A collection of different methods of proving the same theorem (e.g., Essays 28, 61, 75, 78); (iv) A series of applications of the same theorem (e.g., Essays 37, 48, 75); (v) A classification of tests of the same geometrical condition (e.g. Essays 3, 4, 40, 41). The subjects given in the first part (Essays 1-100) are, as a rule, of an elementary character. In several of these, a question, which throws light on different subjects, is repeated. Those given in the second part (Essays 101-200) are taken from papers set for entrance scholarships in the Trinity and Pembroke groups of Cambridge colleges from 1905 and 1907 respectively. I should be grateful for notices of any errors that may be found in the text or answers, and for any suggestions from teachers for the improvement of the book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
